

HOPS, HIKES & HISTORY

Before You Go

A woman with long brown hair, wearing a black tank top, blue denim shorts, and a green cardigan, is holding a glass of beer with a thick head of foam. She is standing outdoors at night, with a white building and out-of-focus warm lights in the background. The text is overlaid on the left side of the image.

Not to be dramatic
but I went on one
of your trips last
weekend and
it was the best day
of my life.

How does a surprise road trip work?

Pick a Date

We recommend doing the trip within **6 months** of receiving this road trip. Pay close attention to the 'When To Go' within the 'Navigating the Road' section of this booklet.

Get Ready

The only requirement is having a vehicle, GPS and a driver. The trip is completely **self-guided**, so nothing needs to be booked in advance.

Check Updates

Before leaving, please check **travel updates** on our website. This will provide you with any major changes to the itinerary.

Pack Your Bag

Please refer to the '**What to Pack**' list in this booklet for items we recommend bringing with you.

Hit the Road!

Don't open the first envelope until you're ready to leave. Once you're finished at the first stop, you can open the second envelope. Four stops are included within your road trip.

Your day ahead! Without giving away too many details.

We often include a variety of recommendations at each stop. You do not have to go to all of them, pick and choose what works best for you and your travel mates. If you can't get through all of the stops during the day - come back and explore them at a later date!

The Guess Where Trips Team

A photograph of a dirt path winding through a dense forest. The path is covered in fallen leaves and leads towards a small wooden bridge with railings in the distance. Tall trees with green foliage surround the path, and a large tree trunk is prominent on the right side. The lighting is soft, filtering through the canopy.
