# Before You Go

An aerial photograph of a narrow dirt road winding through a dense, lush green forest. A small, dark-colored car is visible in the distance, driving away from the viewer. The trees are tall and closely packed, creating a canopy effect. The lighting suggests it might be late afternoon or early morning, with some shadows on the road.

“

Truly a day that  
my family and I  
will never forget.  
This trip reminded  
us of the beauty  
of home.

## Land Acknowledgement

We recognize that some of the stops listed in this trip date back to a time when not everyone was free.

As we acknowledge slavery and its impact on our history, we recognize the profound inequalities and systemic racism it has bred. This horrific institution dehumanized millions, leaving lasting social and economic consequences. Confronting these truths allows us to reflect, foster dialogue, and work towards a more just society. As you travel, we encourage you to inquire about this history, and ask sites to prominently display their history and its ongoing impact, ensuring it is neither overlooked nor diminished.
