How does a surprise road trip work?

Pick a Date

We recommend doing the trip within **6 months** of receiving this road trip. Pay close attention to the 'When To Go' within the 'Navigating the Road' section of this booklet.

Get Ready

The only requirement is having a vehicle, GPS and a driver. The trip is completely **self-guided**, so nothing needs to be booked in advance.

Check Updates

Before leaving, please check **travel updates** on our website. This will provide you with any major changes to the itinerary.

Pack Your Bag

Please refer to the '**What to Pack**' list in this booklet for items we recommend bringing with you.

Hit the Road!

Don't open the first envelope until you're ready to leave. Once you're finished at the first stop, you can open the second envelope. Four stops are included within your road trip.

Your day ahead! Without giving away too many details.

We often include a variety of recommendations at each stop. You do not have to go to all of them, pick and choose what works best for you and your travel mates. If you can't get through all of the stops during the day - come back and explore them at a later date!
