## Land Acknowledgement

We recognize that some of the stops listed in this trip date back to a time when not everyone was free. These places also exist on the traditional and ancestral territories of Indigenous peoples who have stewarded this land for generations.

As we acknowledge both the history of slavery and the impact of colonization, we recognize the profound inequalities and systemic racism these legacies have bred. These horrific institutions dehumanized millions and displaced countless Indigenous peoples, leaving lasting social, economic, and cultural consequences. Confronting these truths allows us to reflect, foster dialogue, and work towards a more just society. As you travel, we encourage you to inquire about this history, ask sites to prominently display their history and honor the Indigenous lands on which they stand, ensuring these histories are neither overlooked nor diminished.
